Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Difficulty integrating the machine learning model with the Flask backend.	Conducted team discussions, tested APIs, and resolved integration issues collaboratively.
2	Merge conflicts while combining code from multiple team members.	Used GitHub version control, created feature branches, and performed code reviews before merging.
3	Delays in testing and debugging.	Created a testing schedule, assigned tasks among team members, and tracked bugs until resolved.
