Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer - centric solution.

SAYS •I need my loan approved as soon as possible. •I have submitted all the required documents. •I want a fair and transparent approval process	THINKS •Will my loan application be approved •Is my personal information secure •hope the process doesn't take too long
PERSONA NAME (Role / User Type)	
DOES •Uploads required documents. •Tracks the loan application status. •Responds to verification requests from the lender.	FEELS •Anxious while waiting for approval. •Frustrated if verification takes too long. •Relieved and confident when the application is processed quickly and fairly.
